## **SPONSOR A CHILD PROGRAM**

The Haiti Micah Project (HMP) announces the establishment of a Sponsor A Child (SAC) Program for the children participating in the program in Mirebalais, Haiti. HMP has been providing one meal per day for 150 homeless and needy children, plus uniforms and tuition for their education and limited medical care. Recently, HMP rented a two-building compound to house up to 25 of the most needy children. The grand opening of this facility will take place in mid-April 2009. With the SAC program, donors can sponsor an individual child in the program and can have a direct relationship with her/him. The minimum contribution for this program is \$300 per year or \$25 per month to cover food, rent, clothes, and tuition. We will provide the name and photograph of an individual child to the donor. The goal is to have each child recipient communicate with the donor via a letter. As Haitians communicate in Creole, we will provide the donor not only a copy of the original letter but also a translated version of the letter in English. Sponsors may also sponsor a family if they wish.

A Sponsor Application Form is attached. If you wish to participate, please complete the form and return it to HMP for processing.

Once a Sponsor Application Form has been completed and received by HMP, our sister organization in Mirebalais, Haiti, will select a child or family for sponsorship and follow the guidelines provided by the HMP Board of Directors related to the SAC program.

HMP is committed to the safety of the children in the SAC program and does not expect that sponsors will visit the children except in the event that a sponsor participates in an HMP mission trip. In the event that happens, visiting sponsors will be provided guidelines for contact between individual sponsors and sponsored children.

Thank you for consideration of participating in this new program to help care for these needy children in Mirebalais, Haiti.
